Himanshu Choudhary

Summary

Flutter Developer with 3 years of experience in creating high-performance, cross-platform applications using Flutter and Dart. Expertise in integrating Firebase, REST APIs, and third-party packages to enhance app functionality. Proficient in state management solutions such as Riverpod, GetX, and Provider, ensuring scalable and maintainable code. Committed to implementing clean architecture and optimizing performance for user-friendly interfaces.

Experience

Laysan Technologies Pvt. Ltd. - Flutter Developer
01/2023 - Current

- Developed and maintained 10+ cross-platform apps using Flutter.
- Integrated Firebase for authentication, analytics, push notifications, etc.
- Implemented Riverpod, Getx. Provider, etc for state management and improved app performance.
- Refactored outdated codebases and resolved compatibility issues in older projects.
- Deployed apps to Play Store and App Store, handling release management.
